

Navigator[®] Air

Stack Chair

cool | contemporary | comfort

Designed by Giancarlo Piretti, Navigator Air stack chairs are available with four-leg or sled bases. Arms, armless, or flip-up tablet arm options provide stack chair solutions for any application. The Navigator Air seating collection also includes nesting chairs, task chairs, and task stools.

Stacks 4-high on floor or 5-high on dolly.

Mesh back available in black or grey mesh.

Patented torsion flex mechanism gradually increases resistance over the full 12 degrees of back flex.

Navigator® Air Stack Chair

Discover the essence of clean, modern, conforming comfort. This fresh interpretation of BCE's classic flex-back Navigator combines a lighter visual impression, breathability, and exceptional comfort.

Breathable mesh back allows for air ventilation and natural coolness for reviving comfort. The supple, flexible mesh conforms to the unique curvature of your back and provides integral lumbar support.

Navigator Air is ultra strong and durable. This chair is tested and warranted for use by persons 300 pounds or less.
