

Sitka™

Stack Chair

the world's first true ergonomic stack chair

DISTINCTLY DIFFERENT. REMARKABLY VERSATILE.

Designed by Giancarlo Piretti, Perfect Pivot is a patented, frictionless mechanism that exactly mirrors your natural body movement, creating the ultimate in sitting comfort.

Contoured back provides support and flexes sideways – twisting when you twist. Contoured seat delivers a conforming, comfortable, long-term sit.

Distinctly different and remarkably versatile, Sitka's translucent poly backs present a unique high-design option.

Sitka Stack Chair

Sitka understands you – how you move, how you sit, how you relax. It is the first true ergonomic stack chair.

Like artistry in motion, Sitka's Perfect Pivot™ exactly mirrors your natural movement creating the ultimate in sitting comfort. Gracefully sculpted and artfully designed, Sitka blends beautifully in any environment. This enduring, timeless full collection of seating brings style, comfort, and visual continuity anywhere.

Tested and warranted to 300 lb. weight limit.
